#### Remarks

Amazing lake views in The Lake Club! Located in the original phase of The Lake Club, this lakeside custom Bermuda residence by Arthur Rutenberg is your cozy and luxurious private oasis. Spanning almost 3,500 square feet, this functional floor plan offers a modern open flow plus a massive study with high ceilings, extended bonus room, and 4-car attached garage. From the moment you arrive home, you will appreciate how this residence expertly balances timeless elegance with unique elements you won't find at other properties. The mediterranean exterior shines between towering palm trees and elegant wing walls from the long driveway to your split 4-car garage bays, both with their own private attached entrances to the interior. Through double wood front doors, the foyer offers a stately entrance with custom tile inlay design in the wood floors, designer wallpaper feature wall, and instant views of the lake over the southwestern rear exposure. The central great room is a bright place to gather with tall tray ceiling, large impact sliding glass doors, and custom feature wall. The chef's kitchen delights with a completely custom island taking center stage featuring plentiful storage, granite counters, and a custom wood bar for guests to watch the chef in action.
